2. This request is for the modification of fifty (50) sets of radios requested by TSD/PSB. This request was originally in the form of a work order to TSD/TSL and they have requested our assistance in this production. The work order had been given a Priority I rating. Action has already been initiated by TSD/PSB to purchase 50 radios, 100 battery packs, 50 dial light batteries and 50 booster adaptors. The cost of these items should be included in determining the price of the item in stock.

3. The total cost of modifying the fifty radios is \$3,617.00. This cost is considered reasonable and has been reported to Chief, TSD/TSL and he concurs. Cost should be charged against Allotment Number 0368-1960 Stock Procurement Account of TSD Material.
